Curriculum Notes

- Entry into the major requires a 2.75 grade point average.
- All majors must obtain a minimum grade of C (2.00) in PSYC 1200, 2050, 2400, 3030, 3050, 3700, 4030, and 4890, and in the two electives selected from PSYC 3040, 3440, and 4160.
- It is up to you to choose which two classes to take out of these 3 PSYC options, but you have to take two of them: PSYC 3440 Cognitive Psych (Offered WQ), PSYC 3040 Bio Basis of Learning (Offered SQ), PSYC 4160 Health Psych (Offered SQ).
- No more than 10 total credit hours of independent study and/or practicum are permitted. Up to 10 credits of courses graded CR may apply towards major.
- All majors must complete at least 30 credits in the major at SU. PSYC 2050, 2030, 3050, 4030, and 4890 must be completed at SU.
- PSYC 2050 must be taken by spring of junior year and before PSYC 3030, 3050, 3700, and 4890.
- Department recommends Statistical Thinking for UCOR-1200.
- If you're interested in going to a graduate school for health professions, such as Med School, you should take Math-1021 (or higher) instead of UCOR-1200, and should not take UCOR-1800 because it will be covered by BIOL 1610/1611, CHEM 1500/1501, PHYS 1050/1051, or PHYS 1210/1211 at least one of which you will need to take to prepare for health grad school. Talk to your advisor for more guidance.
