

Seattle University Criminal Justice Advisory Committee *2012 Annual Report*

Outcome of 2004-2011 Advisory Committee Meetings

This year is the 9th year of the Seattle University Criminal Justice Department Advisory Committee. The committee has grown to over 100 members representing 34 agencies who have contributed to our department in many ways to assist us in delivering academically strong programs with critical links to criminal justice practice. Our department's collaboration with this group of local, state, and federal criminal justice representatives has been invaluable in terms of increasing opportunities for our students and enriching our curricular and extracurricular offerings in ways that allow students and faculty to make meaningful links between theory, research, and criminal justice practice.

Summary of Past Meetings:

2004: The primary objective of the first meeting was to discuss the purpose and goals of the committee and to receive feedback regarding our curriculum, employment trends, and possibilities for university-agency collaboration. We discussed current employment opportunities/trends, what can we do to make our students competitive in the job market and/or for graduate study upon graduation, collaborative partnership possibilities, how our department might be of service to local CJ agencies and/or to public education regarding crime and justice issues.

2005: The second meeting was another successful gathering. We discussed what a "criminal justice education for the future" should look like – what innovative programs excite and inspire committee members, and how our department can update and improve our curriculum and departmental offerings to better meet the needs of students who will be the CJ professionals of the 21st century. Committee members discussed the features of the ideal criminal justice program of the future and ideas about innovative collaborative initiatives can be developed unique our urban/NW/Seattle location to bridge academia and the local criminal justice community/theory and practice?

2006: In our third advisory committee meeting committee members focused on "Possibilities for SU-CJ Agency Collaborative Initiatives." The committee developed concrete CJ Department-CJ Agency collaboration ideas and identified priority projects to work on over the next 1-3 years. Priority projects included development of a criminal justice video, consider addition of a curriculum component on crime analysis/intelligence, and develop a catalog of research needs with potential for grants/funding for collaborative projects. The annual CJ Advisory Committee Member "Innovation in Criminal Justice Education Award" was established. Kelvin Crenshaw from ATF received the

inaugural award for his assistance with the CJ Video, the development of the ATF Practicum, and service to the department with initiatives, internships, and campus events.

2007: The specific discussion topic last year was “Implementing SU-CJ Agency Collaborative Initiatives.” Three initiatives identified in the 2006 annual meeting were identified for focus of discussion to develop a plan for implementation: *Criminal Justice Video, adding a Crime Analysis/Intelligence Component to Curriculum, and cataloging Research Needs of Local Agencies/Collaborative Grants.* The meeting opened with presentation of a 2-minute introductory video created by CJ Student Shawn Kaminski, Sakshi Sharma, and Communications student Joshua Guerci with the help of committee members Bonnie Glenn, Kelvin Crenshaw, and King County TV. The video presented an overview of the purpose of the project and call for help from committee members. The committee discussed next steps in the development of the video, responded to questions regarding the content of the video, and discussed the development of the crime analysis curricular component and developed a subcommittee to address. Regarding the research needs of local agencies, it was decided that the best way to approach this would be for CJ agencies interested in collaborating on research projects to contact the department with their individual requests and ideas as needed. Bonnie Glenn received the 2007 Innovation in Criminal Justice Education Award for her assistance with the CJ video, curricular development, student internships, and department initiatives.

2008: In 2008 we celebrated the committee’s accomplishments including the launching of the Crime Analysis Certificate Program, Professional Development Seminars, and the Criminal Justice and interactive web video project which included the official unveiling of the video now available on the CJ Dept website. In addition, we discussed the impact of local budget cuts onn CJ Agencies, SU Self-Study and how to measuring success of CJ graduates, and future ideas in the works including the PhD Program, and the possibility of a professional distance-learning Master’s Degree Program. The meeting featured the unveiling of the CJ video which was a major accomplishment of the committee and an enormous undertaking that involved the entire advisory committee and discussion of the ACJS certification, how the committee could help, and future ideas for development of programs within the department. Seattle Police Chief Gil Kerlikowske was awarded the 2008 Innovation in Criminal Justice Education Award for his assistance with the development of the MACJ Program, his participation on campus events, and support for collaborative student-faculty research and curricular development.

2009: In 2009 we showcased collaborative advisory committee-faculty-student research, service learning, and career accomplishments. Presentations included “Integrating Theory, Research, and Practice” featuring faculty research on crime in the Pike-Belltown corridor of downtown Seattle in collaboration with the Seattle Police West Precinct, Student research on the Pike-Belltown corridor

and the U.S. Marshals Service Learning project, a student thesis proposal presentation by Seattle Police Officer James Kim on measuring reasonable force, and a student panel featuring students who were successful in obtaining positions with a range of agencies. Following the presentations, the committee was posed questions for discussion including: *How can we do better at integrating theory, research, and practice? Emerging Needs/Issues? and Ideas for the Future?* The committee discussed where to go in the future given that we have achieved the goals set by the committee at its inception (MACJ program, Crime Analyst Certificate Program, increased internships, Professional Development Seminars, Collaborative Research). The committee voted on new initiatives with the most votes in favor of focus on educating students in public speaking, critical thinking, and advanced writing, increased “face time” with agency representatives on campus, emphasizing internships, research on best practices for community programs, and more information sessions and professional development opportunities. The 2009 Innovation in Criminal Justice Education Award was awarded to David Miller from the U.S. Marshals Service for his work with the department on Centralized Student Career Experience Program.

2010: In 2010 we discussed building on departmental accomplishments and developing a criminal justice department strategic plan. The committee discussed what a departmental strategic plan would look like and how can we work our strengths/accomplishments into a cohesive departmental plan. We discussed development of initiatives including the Curriculum/Degree Programs such as the PhD Program, Continuing Education Programs including executive law enforcement training, Online/Podcasts, Community-Based Research and Service Learning, the development of a Center for Criminal Justice Research and Service, and professional Development and a mentoring program for students? A number of directions and ideas were proposed including an executive mid-level supervisory leadership certificate program, cultural competency, and ethics continuing education, needs assessment for law enforcement, community forums, marketing department, engagement with the juvenile court, better connections with other parts of the university, community involvement fair, mentoring program, center for science and technology. The 2009 Innovation in Criminal Justice Education Award for 2010 was awarded to David Rodriguez from NW HIDTA for his long association with the department, work with students, and assistance in developing department-agency connections.

2011: In 2011 we started the tradition of a “Departmental Showcase” featuring student work on collaborative projects involving advisory committee members and agencies. Our primary discussion revolved around next steps for the strategic plan for the department, how we want to work on developing the department as a signature program within the larger Seattle University strategic plan, what initiatives we want to work on, and how the advisory committee can contribute. We developed subcommittees to work on the departmental strategic plan, the idea of developing a “Center,” and other initiatives including mentoring program, marketing, student engagement, continuing education, professional development, research grants, study abroad, and curriculum development. We decided to hold a mid-year meeting in February to keep continuity and continue the work. We met in February and decided that we needed to think more carefully about how many initiatives we wanted to pursue and decided that we should have a steering committee that would work on the strategic direction of the department before moving forward with the other initiatives. A steering

committee was formed and met over the summer to develop the priorities and plan for initiatives for 2012-13 for presentation at the 2012 annual meeting. The 2011 Innovation in Criminal Justice Education Award for 2010 was awarded to Joe Hawe for his work developing collaborative projects with the U.S. Marshals Service and WSCTJC in courses and student-faculty research and assistance with program, curricular, and department initiative development.

Advisory Committee Contributions in 2011-12

Advisory committee members participated in a number of successful activities/events in 2011-12:

- ❖ Advisory committee members assisted in advertising and funding representatives from their agencies at the annual continuing education event on cultural competency in criminal justice spring 2012.
- ❖ The Seattle Police Department advisory committee members worked with Dr. Rice’s graduate students in the Organizational Analysis in Criminal Justice on the SPD 20/20 plan.
- ❖ Washington State Department of Corrections advisory committee members (Bernie Warner, Robert Herzog, Sally Neiland) assisted with the “Restorative Justice Behind Bars” course held at the Washington State Reformatory involving MACJ students and University Beyond Bars students.
- ❖ Washington State Department of Corrections advisory committee members (Mac Pevey and Kevin Bovenkamp), U.S. Probation and Pretrial Services (Connie Smith), and Pioneer Human Services (Steve Woolworth) assisted Elaine Gunnison and Jackie Helfgott in identifying community corrections officers and ex-offenders for a book project they

completed with Lynne Reinner Publishers titled, “Success on the Street: Creating Opportunities for Offender Reentry.”

- ❖ Committee members served as adjunct instructors including Bonnie Glenn, Tag Gleason, Virginia Gleason, Joe Hawe, Doug Larm, Mac Pevey, Fanny Correa, Rich Niebusch, Wallace Shields, Mike Williams, Al O’Brien, Ed Reed, Riva Zeff, Trisha King-Stargel, Darlene Conley, and Henry Richards.
- ❖ ATF, DEA, FBI, and U.S. Marshal Service ran practicum courses so we now have a practicum every quarter. Thanks to Kelvin Crenshaw, Selby Smith and Mark Thomas, and Carolyn Woodbury and Nakia Ray for coordinating the practicum courses. Special thanks to MACJ graduate and US Marshals Service Deputy Laura Polson for coordinating the new U.S. Marshals Service Practicum.
- ❖ Chief Diaz, Assistant Chief Dick Reed, Mimi Walsh, and other SPD staff worked with Jackie Helfgott and Matt Hickman and research assistant Andre Labossiere to launch the evaluation of the Crisis Intervention Response Team/Mental Health Partnership Pilot Program which was completed in August 2012.
- ❖ Advisory committee members worked on a range of projects, events, internships, and attended events during the year helping to mentor students throughout the year.
- ❖ SPD advisory committee member supported faculty-research collaboration to evaluate the “IF” Project.

Departmental Update

ENROLLMENT/STUDENT INTEREST

As of Fall 2012, we have 245 criminal justice students enrolled in the Criminal Justice Department including 154 undergraduates, 91 graduate students, and 24 graduate students who have completed coursework but are working on their thesis projects or studying for their comprehensive exams, 9 Crime Analysis Certificate students, and 1 students in the MACJ/JD Program. The undergraduate enrollment has increased by 14% (19 students) from 2011 with an increase in the number of BS students (from 16 in 2011 to 28 in 2012) and students spread across the other specializations with Forensic Psychology and Administration of Justice the most popular program specializations. The graduate program has held steady up 3 students from last year with a decrease in enrollment for the Crime Analysis Certificate Program by approximately 50% (16 students in 2011 to 9 in 2012). The most popular program specializations in the graduate program are MACJ (no specialization) and Investigative Criminology.

In the ***undergraduate program***, 126/82 (%) of students are working toward the BCJ (Bachelor of Criminal Justice) and 28/18%) toward the Bachelor of Science (BS). The BCJ Forensic Psychology is the most popular

undergraduate specialization followed by the BCJ Administration of Justice, BCJ Criminology, and BCJ Forensic Science. There are 12 students pursuing the BS Forensic Psychology and 16 students pursuing the BS Forensic Science. The undergraduate student organizations (CJ Club and CJ Honor Society) continue to flourish with many student-sponsored CJ events.

The ***graduate program*** welcomed an incoming class of 25 this fall. The most popular program routes for graduate students are the MACJ no specialization (45/49%), MACJ Investigative Criminology specialization (29/32%), Research and Evaluation (9/10%), and the Victimology specialization (7/8%).

Our MACJ Program is continuing strong. The selected students attending our program are from the local area and out of state and country. Our new students are graduates of California State University-Long Beach, Chaminade University-Honolulu, DePaul University, Central Washington University, Florida State University, Michigan State, Penn State, Seattle Pacific University, Seattle University, University of Alaska-Anchorage, University of New Mexico, University of Tennessee, University of Vienna, University of Washington, Washington State University, and Whitworth University. Additionally, several of our students are coming from various professional agencies including the U.S. Coast Guard, Tano & Associates, Navos Inpatient Services, and Andrew's International-Global Security.

STUDENT AWARDS

Graduate Student Awards

The ***Norm Maleng Academic Excellence and Citizenship Award*** went to Teneshia Thurman for 2012. The Norm Maleng Academic Excellence & Citizenship Award is awarded to an outstanding graduating student in the Master's of Arts in Criminal Justice program. The award is named in honor of Norm Maleng, former King County Prosecutor, who for almost 30 years was a vocal advocate for reform in criminal justice and introduced many programs in Seattle related to victim's rights and drugs. Norm was a CJ Department Advisory Committee member who was instrumental in inspiring the inclusion of the

Faculty Research

The criminal justice faculty is involved in research projects at the local level including a recently completed study evaluating the Seattle Police Department's Crisis Intervention Response Team/Mental Health Practitioner Partnership Pilot Project (Helfgott & Hickman), a process evaluation of the Seattle Police Department's "IF" Project (Helfgott, Rice, Gunnison, Sumner, Collins), and evaluation project with *Team Child* (Collins).

Individual faculty research and accomplishments (complete CVs) are now available on the Criminal Justice Department website. See: <http://www.seattleu.edu/artsci/criminal/directory.aspx>

Some Faculty Research Highlights include:

Peter Collins is currently working on a book entitled *Crime, Justice, and Politics in the City* as seen on The Wire with Carolina Academic Press and evaluation projects with Team Child and the SPD “IF” Project.

Elaine Gunnison and Jackie Helfgott recently completed a book with Lynne Rienner Publishers entitled, *Success on the Street: Creating Opportunities for Offender Reentry*” forthcoming in 2013. She is currently working on a book proposal for a women and crime text (with Lynne Goodstein and Frances Bernat).

Jacqueline Helfgott recently completed a 4-volume *Criminal Psychology* reference set forthcoming in 2013, completed the evaluation of the SPD CIT/MHP Pilot evaluation (with Matt Hickman), and is currently working on the evaluation of the SPD “IF” Project and her book *No Remorse: Psychopathy and Criminal Justice* with Sage Publications.

Matthew Hickman is currently working on an edited volume entitled, *Forensic Science and the Administration of Justice* (Sage), which will compile current social science research on the forensic sciences. He is also working with MACJ graduate Loren Atherley on an analysis of Seattle Police Department use of force records to see if they can replicate the Department of Justice’s findings in their recent investigation

Michael Kelliher is currently working on a textbook on polygraph examination. This project is an outgrowth of his work as a polygraph examiner and the course he has taught at the undergraduate level for many years.

William Parkin is currently working on research that focuses on the victims of ideologically motivated homicides committed by the extreme far-right in the United States. In addition, he is also involved in a related project that examines the methodological issues specific to defining and measuring ideology in terrorism and extremist research.

Stephen Rice is working on articles focusing on the application of perceived injustice and negative affect in the origins of terrorism/radicalization (with Robert Agnew) (one of which is forthcoming in 2013 in the *Criminal Psychology* reference set with Praeger) and the distribution of affect across urban ecological units and social populations. He is also working on a book proposal.

Jennifer Sumner is currently working on qualitative research on transgender correctional policy and culture in Italy and in the United States. Jennifer is also working with Helfgott, Rice, Gunnison, and Collins on the evaluation of the SPD “IF” Project and is specifically focusing on qualitative analysis of “IF” Project essays.
