

Orientation Prayer

**We place ourselves and one another before the
God of our faith.**

**We take a moment of quiet just to be aware
of where we are and how we are right now.**

We are making a bridge of transition

God look upon us:

**ease what is fearful in us
open up further what is hopeful
release what is joyful.**

**Help us to care for every other person in
this room for we are in this together.**

Loving God – known especially in this university

**as the God made known in
Jesus Christ but also made known in
so many other ways – we
thank you for this day, these
people, all who have brought us here.**

**And we thank you for what you offer us in these
coming years.**

Amen
