

BACHELOR OF SCIENCE IN **DIAGNOSTIC ULTRASOUND**

PROGRAM DEADLINE:

Program accepts students once a year and only into Fall Quarter. Deadline is February 1.

ABOUT THE PROGRAM

The Bachelor of Science in Diagnostic Ultrasound degree offers you access to leading edge on-campus lab facilities and classrooms—with a typical student to faculty ratio of 8:1—that allow you to hone your skills and work with diverse sets of patients. You will also gain relevant practical experience as part of your internship in one of more than 100 clinical settings nationwide. Our graduates have high placement rates in a growing field because they have benefitted from a bachelor's program that pairs the skills employers seek with the foundation of a Jesuit education. Join our in-demand global Redhawk alumni network to lead health care to a more ethical, just and humane world.

UNIVERSITY CORE REQUIREMENTS

Students who complete an approved **Associates degree (DTA)** will be guaranteed junior standing (90 quarter transfer credits) upon admission to Seattle University, and 8 of the 12 University Core requirements (including all of UCOR Module I) will be waived. The following Core courses must be taken at SU or another Jesuit institution:

- UCOR 2100 Theological Explorations
- UCOR 2500 Philosophy of the Human Person
- UCOR 2910 Business Ethics

Students who complete an **Associate of Science-Transfer Track 1 or 2 degree** will also be guaranteed junior standing (90 quarter transfer credits) and at least 7 of the 12 University Core requirements will be waived. In addition to the courses listed above, AS-T students who have not completed applicable transfer equivalent coursework may need to take one of the following courses at SU:

- UCOR 1300 Creative Expression
- UCOR 1400 Inquiry Seminar in Humanities
- UCOR 1600 Inquiry Seminar in Social Sciences
