## RESOURCE GUIDE FOR UNDOC STUDENTS

### UNDERSTANDING YOUR OPTIONS

Pathways to citizenship vary based on individual circumstances—age, family ties, work history, and legal status all play a role. You may qualify through family-based petitions, employment, asylum, or DACA. Each pathway has different processes and timelines, so it's crucial to reflect on your situation to find the best option for you.

Utilize campus resources for personalized guidance tailored to your needs. Engaging with professionals can help clarify your options and empower you to make informed decisions about your future. Remember, your journey toward citizenship is in your hands—take action today!

### WHO IS UNDOCUMENTED?

“Undocumented” is broadly defined to include all immigrants who reside in the United States without legal status.

This includes those who are either:

- Entered the US without inspection or with fraudulent documents;
- Entered legally as a nonimmigrant but then violated terms of their status and remained in the US without authorization;
- Have Deferred Action Childhood Arrival (“DACA”) status or has previously had DACA;
- Are otherwise currently in the process of legalizing; or
- Have an immigration status that is in ‘limbo’ or puts them ‘at-risk’ for being targeted by immigration enforcement.
